Thursday, April 13, 2000
1:00 PM EST

The National Education Goals Panel, In partnership with the National Alliance of Business will host a national teleconference:

Creating High Achieving Schools: Aligning Education Rhetoric, Resolve and Results

Learn how schools, districts and states are using Baldrige quality principles to improve student achievement and reach standards. Hear from teachers, principals, superintendents and state policymakers and business leaders.

Additional information will follow on:

- Program content
- Satellite coordinates
- Setting up downlink sites
